Provider User Guide / Tip-Sheet

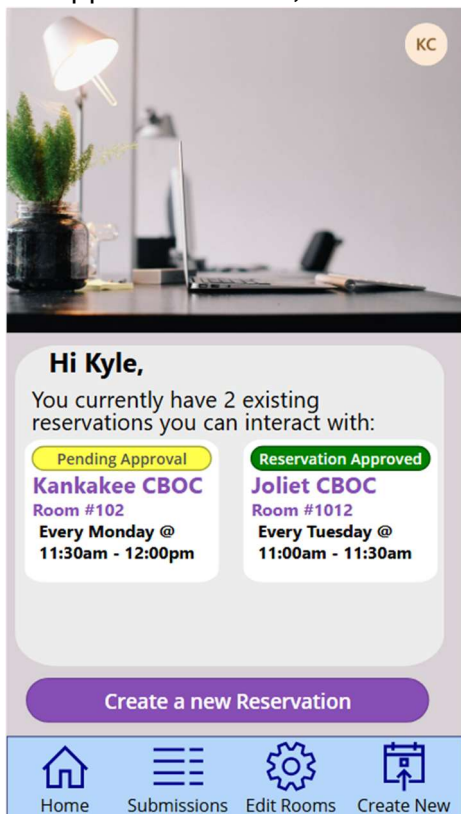

CVT Room Reservation App

Edward Hines Jr. VA Hospital

1. Click to open “578 Telehealth Resources App” from Hines VA Virtual Care SharePoint Site (<https://dvagov.sharepoint.com/sites/vhahin>):

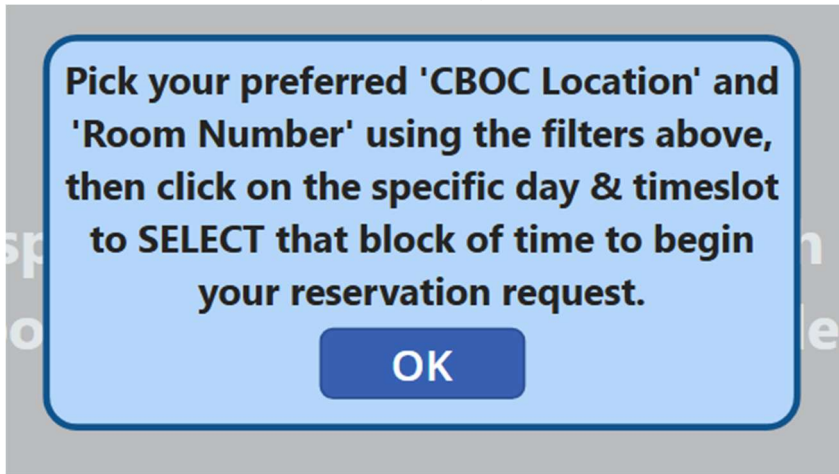

2. On app home screen, click the blue “Create a new Reservation” button:

CVT Room Reservation App

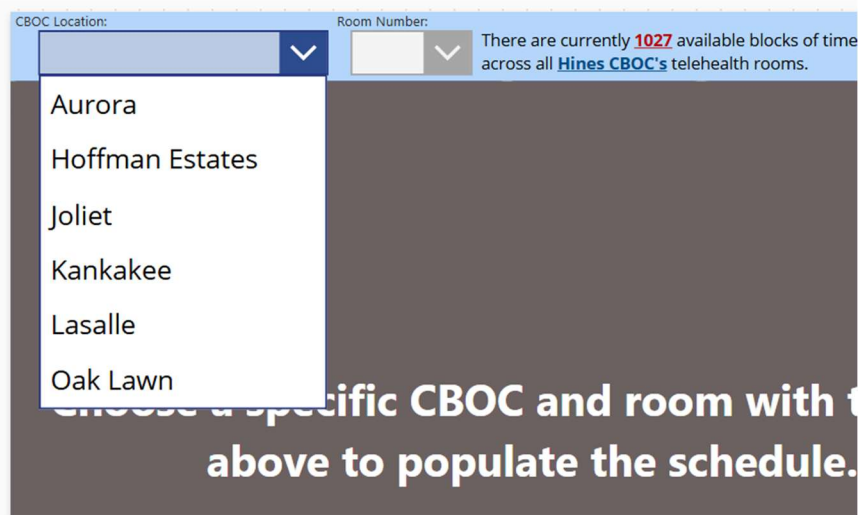

Draft Version: March 27, 2026

3. On schedule calendar view screen, click the blue “OK” button to hide instructional popup:

4. On schedule calendar view screen, click the “CBOC Location” dropdown menu & pick a building from the list:

***NOTE:** The total quantity of currently available blocks of time will dynamically change depending on your selected drop down filters.

CVT Room Reservation App

Draft Version: March 27, 2026

- On schedule calendar view screen, click the “Room Number” dropdown menu & pick a room number from the list:

***NOTE:** The total quantity of currently available blocks of time will dynamically change depending on your selected drop down filters.

CBOC Location: Hoffman Estates Room Number: 103, 104, 105, 106

There are currently 164 available blocks of time across the entire Hoffman Estates CBOC.

Choose a specific CBOC and room with the above to populate the schedule....

- On schedule calendar view screen and once the “CBOC Location” & “Room Number” drop down menus have been filtered, the weekly calendar for the specified room will be displayed. Click any preferred block of time that is currently available in order to proceed.

***NOTE:** Time slots will be dynamically color-coded to indicate:

GREEN	= Available to reserve
YELLOW	= Another reservation request has already been & is pending TCT approval
RED	= Another reservation request is already confirmed

CBOC Location: Aurora Room Number: 120

There are currently 46 available blocks of time in room #120 at the Aurora CBOC.

CVT Room Reservation App

Draft Version: March 27, 2026

7. On the “Creating New Booking” screen, the app user’s currently selected values are prepopulated. The three mandatory clicks necessary before you are able to proceed are: reservation duration, clinic/specialty name, and reservation recurrence.

***NOTE:** As the user interacts with the buttons and makes selections, the data values will dynamically update to reflect the more specific information the user picked. Some of the interactive buttons or choices will trigger additional pop-up windows to get more specific data from the user.

← Creating New Booking

Provider/Clinician's Name:
Coder, Kyle J. >

When are you reserving this room?
Mondays @ 09:00 - : >
Duration: ☐ 30 Minutes ☐ 60 Minutes ☐ 90 Minutes

Which CBOC & room number are you reserving:
Aurora CBOC - Room #120 >

Which clinic/specialty will use this room:
Click here to make a clinic selection...

Should this reservation be repeated every week?
☐ Do not repeat this reservation, it is for one single occurrence only ☐ Repeat this reservation every week on the same day and time indefinitely

NEXT PAGE

Home Submissions Edit Rooms Create New

8. Click one of the three “Duration” radio buttons (30-minutes, 60-minutes, or 90-minutes) of this reservation, and your selection will automatically populate adjusted start & stop times:

When are you reserving this room?

Mondays @ 09:00 - 09:30 >

Duration: ☒ 30 Minutes ☐ 60 Minutes ☐ 90 Minutes

9. Click the red “Clinic/Specialty Name” button to trigger an additional popup window to temporarily display:

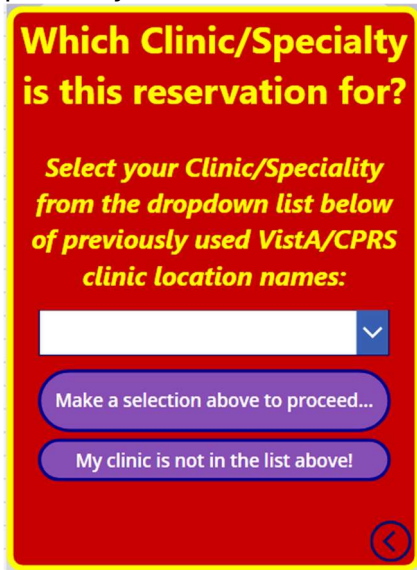

Which clinic/specialty will use this room:

Click here to make a clinic selection...

CVT Room Reservation App

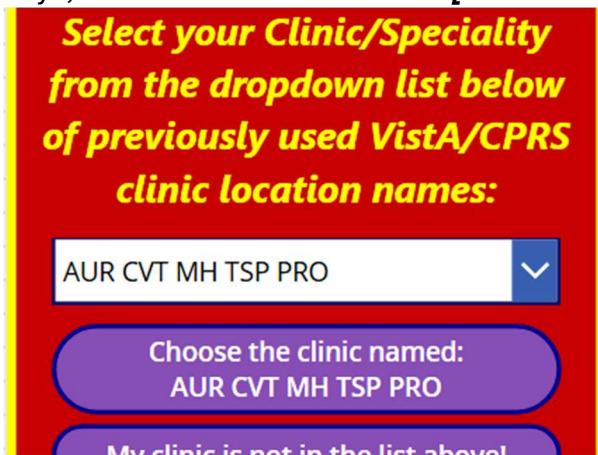

Draft Version: March 27, 2026

- 10.** In the center of this “Clinic/Specialty” pop-up window, you can use the drop-down menu to sort through any CPRS/VistA clinic location names that have been used at any point in your selected room’s historical past.

The screenshot shows a red pop-up window with a yellow border. The title is "Which Clinic/Specialty is this reservation for?" in yellow text. Below the title, there is a yellow instruction: "Select your Clinic/Specialty from the dropdown list below of previously used VistA/CPRS clinic location names:". Underneath the instruction is a white dropdown menu with a blue arrow icon on the right. Below the dropdown menu are two purple buttons: "Make a selection above to proceed..." and "My clinic is not in the list above!". At the bottom right corner of the red box is a small blue circular button with a white left-pointing arrow.

- 11.** After picking your specific clinic/specialty drop-down menu in the center of the “Clinic/Specialty” pop-up window, you can click the dynamically populated button that says, “Choose the clinic named: **[clinic name]**”

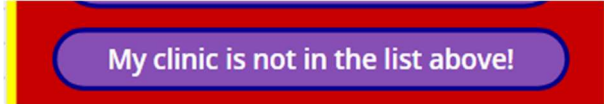

This screenshot shows the same red pop-up window as in step 10, but with the dropdown menu populated with the text "AUR CVT MH TSP PRO". Below the dropdown menu, the purple button now reads "Choose the clinic named: AUR CVT MH TSP PRO". The "My clinic is not in the list above!" button is still visible at the bottom.

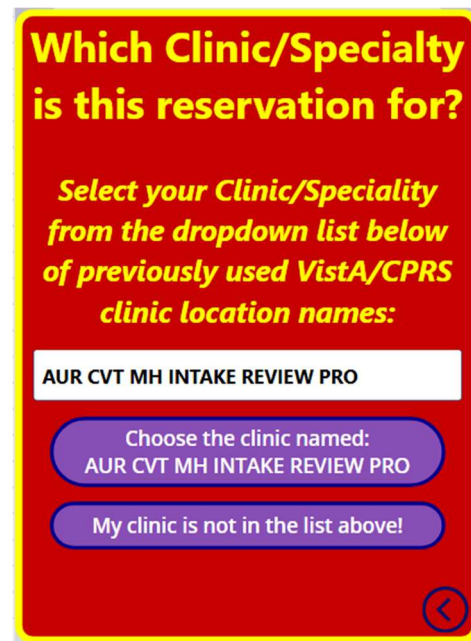

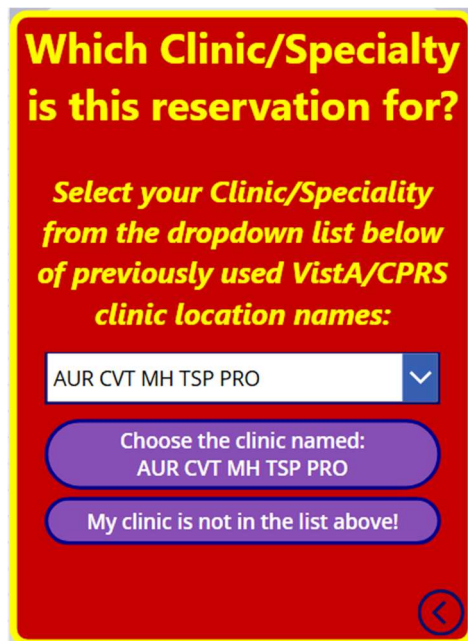

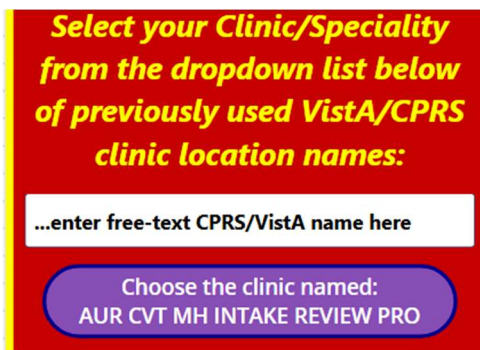

CVT Room Reservation App

Draft Version: March 27, 2026

12. If your clinic/specialty name does not exist on the drop-down menu in the center of the “Clinic/Specialty” pop-up window, you can instead click the second button that says, “My clinic is not in the list above!”. This button will change the prepopulated drop-down menu into an old fashioned plain text entry box instead, so that you can free-text type the name of the CPRS/VistA clinic location name that this reservation is for.

13. After you have free-text typed the CPRS/VistA clinic location name into the text entry box in the center of the “Clinic/Specialty” pop-up window, you can then close the pop-up window by clicking the newly dynamically populated button that says, “Choose the clinic named: [clinic name]”

CVT Room Reservation App

Draft Version: March 27, 2026

14. Click the one of the two “Recurrence” radio buttons to identify if this reservation is for “one single occurrence only” or to “repeat this reservation every week on the same day and time indefinitely”.

***NOTE:** If you choose the radio button for “one single occurrence only”, an supplementary “Single Day Calendar” pop-up window will be shown.

Should this reservation be repeated every week?

☐ Do not repeat this reservation, it is for one single occurrence only

☐ Repeat this reservation every week on the same day and time indefinitely

15. If you’ve previously picked the “Recurrence” radio button to select this reservation is for “one single occurrence only”, the supplementary “Single Day Calendar” pop-up window will be shown. You can navigate forward or backward by month, and click the single specific date for this reservation:

Which single date is this reservation for?

March 2026				
M	T	W	T	F
23	24	25	26	27
2	3	4	5	6
9	10	11	12	13
16	17	18	19	20
23	24	25	26	27
30	31	1	2	3

Go Back! Select this date!

16. If you’ve previously picked the “Recurrence” radio button to identify that this reservation is for “one single occurrence only”, the supplementary “Single Day Calendar” pop-up window will be shown. You can navigate forward or backward by month on the calendar, and then click the single specific date for this reservation.

***NOTE:** After you have picked your single specific date for this reservation in the “Single Day Calendar” pop-up window, you will notice that your “Creating New Booking” screen has automatically updated with your selected value.

March 2026				
M	T	W	T	F
23	24	25	26	27
2	3	4	5	6
9	10	11	12	13
16	17	18	19	20
23	24	25	26	27
30	31	1	2	3

Select this date!

When are you reserving this room?

3/27/2026 @ 09:00 - 09:30

Duration:

30 Minutes

60 Minutes

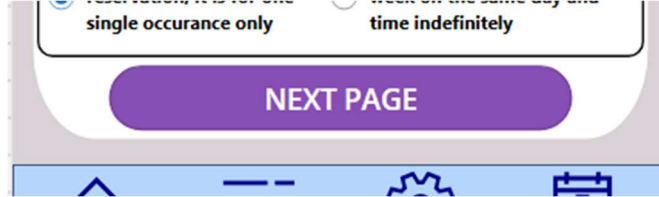

90 Minutes

CVT Room Reservation App

Draft Version: March 27, 2026

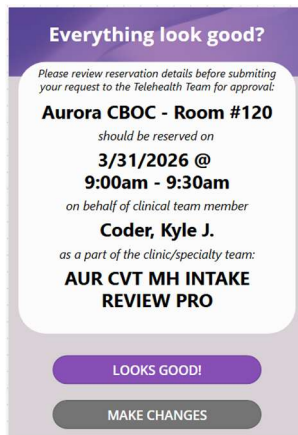

- 17.** Back on the “Creating New Booking” screen, all of the app user’s different selected values and demographics have been populated, and you can click the “NEXT PAGE” button:

***NOTE:** If a required button or value is still missing, the user will be given a warning flag pop-up across the top of their screen to alert them about the incomplete value.

- 18.** You will now be taken to the “Everything look good?” screen to review all your different reservation parameter values that you had selected on the previous screens. You should review the populated information carefully, and click the blue “LOOKS GOOD!” button to formally submit your reservation request to the TCT Team for processing.

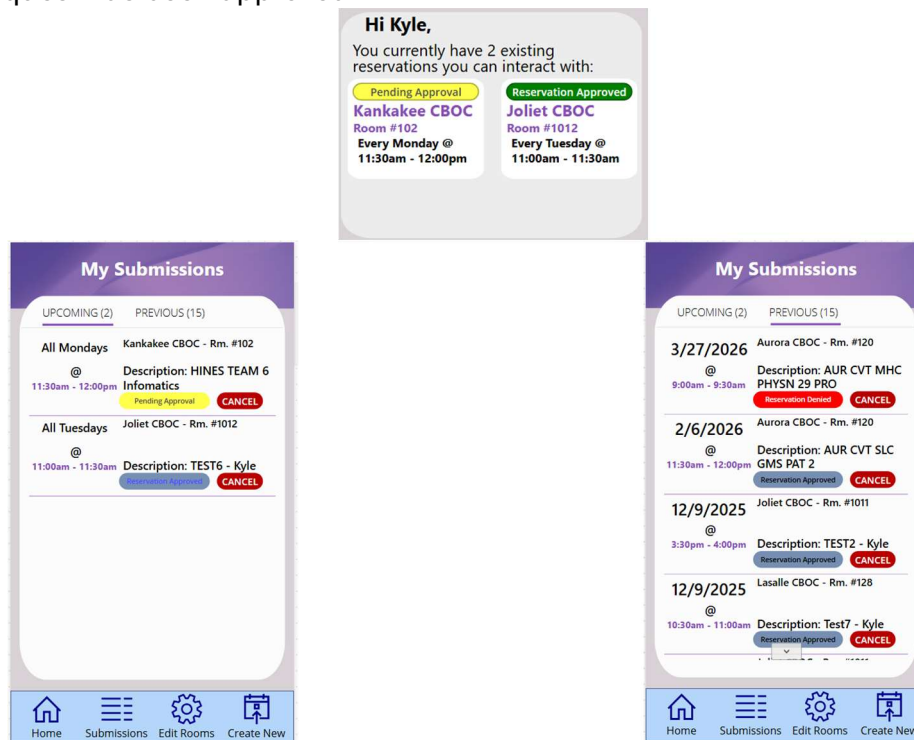

***NOTE:** You will then be returned back to the app’s “Home” screen.

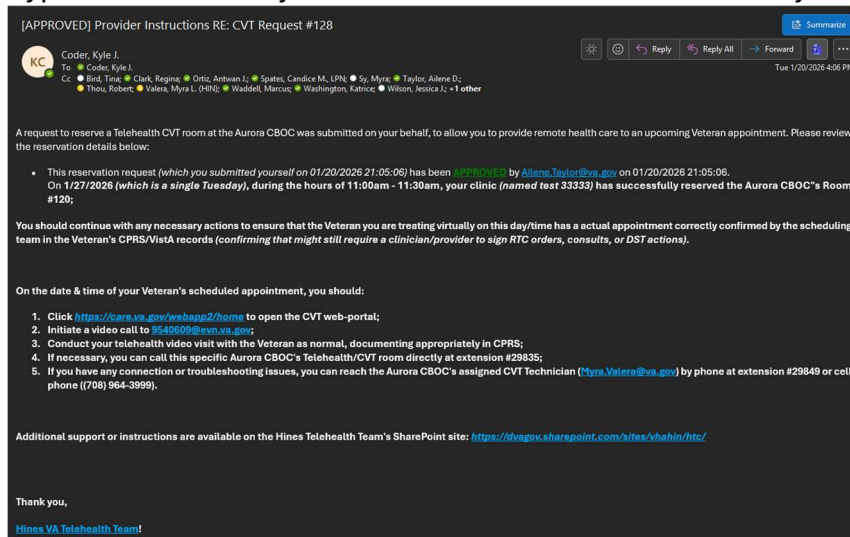

CVT Room Reservation App

Draft Version: March 27, 2026

19. You will now be taken back to the app's "Home" screen, allowing you to either interact with some of your previous submissions or create another new reservation request at a quick glance, or the ability to access the "My Submissions" screen to view all upcoming or previous reservations. Your previously submitted reservation requests will be reviewed by the TCT team, and you will receive an automated email notification once your request has been approved.

20. If your submitted reservation request is approved, the automatic instructional "Approval" email will be dynamically populated with the values of your reservation, the approving TCT staff member, and the pre-configured VVC/CVT web connection clickable hyperlinks to directly connect to the machine in the room you reserved:

CVT Room Reservation App

Draft Version: March 27, 2026

- 21.** If your submitted reservation request is denied, then you will instead receive another automatic instructional “Denial” email that is dynamically populated with the values of your reservation request, the TCT staff member who denied it, and additional supporting information & details about the denial action or alternative resources:
